Skyward Family Access

Welcome to Skyward Family Access

Family Access is an informational resource made available to every family. This resource provides access to real-time information about your child's grades, attendance, report cards, schedule, purchases and payment/balance information on his/her food services account. Family Access provides safe, secure and easy access to your child's record. Student usernames and passwords are available for all 4 - 12 graders.

Questions & Answers

- I have children at different schools. Will I need a username and password for each child?
    - No, under most circumstances, one username and password will provide you with access to information for all your children.

- Do I have to apply for a new username and password every school year?
    - No, once you receive your initial username and password, it stays with your family until your youngest student graduates from high school or is no longer enrolled in the School District of Milton.

- How secure is my child's information?
    - Family/Student Access is user name and password protected. For this reason we ask that you not share your username and password. In addition, the School District of Milton have implemented strong encryption technology (SSL) that protects all data transmitted between your web browser and our web server. All student data is stored behind a secure firewall.

- My native language is something other than English.
    - Translation is available for over 60 languages. At the top of your screen there will be a drop down. Simply choose the language that your family speaks at home.

- What do I do if I forgot my user name?
    - Simply click on the "forgot username or password" link on the Family Access login screen.

- Can I change my e-mail address that is in the system?
    - Yes. The first time you login to Family Access the system will ask you to provide your e-mail address. You can update this information by clicking on the "Account Info" button at the top of the screen. You will need to enter your current password to make the change.
